

EXPLORING

THE WORLD

AROUND US

5+

Preface

Exploring the World Around Us 5+, designed for children from 5 years old, features engaging age-appropriate activities to stimulate awareness and imagination while helping to develop logical and critical thinking skills naturally and effectively.

Exploring the World Around Us 5+ covers topics such as animals, plants, transport, home & family, and jobs.

Contents

My Kindergarten

• Circle the activities that you do at school.
