

FUN WITH MATH

3+

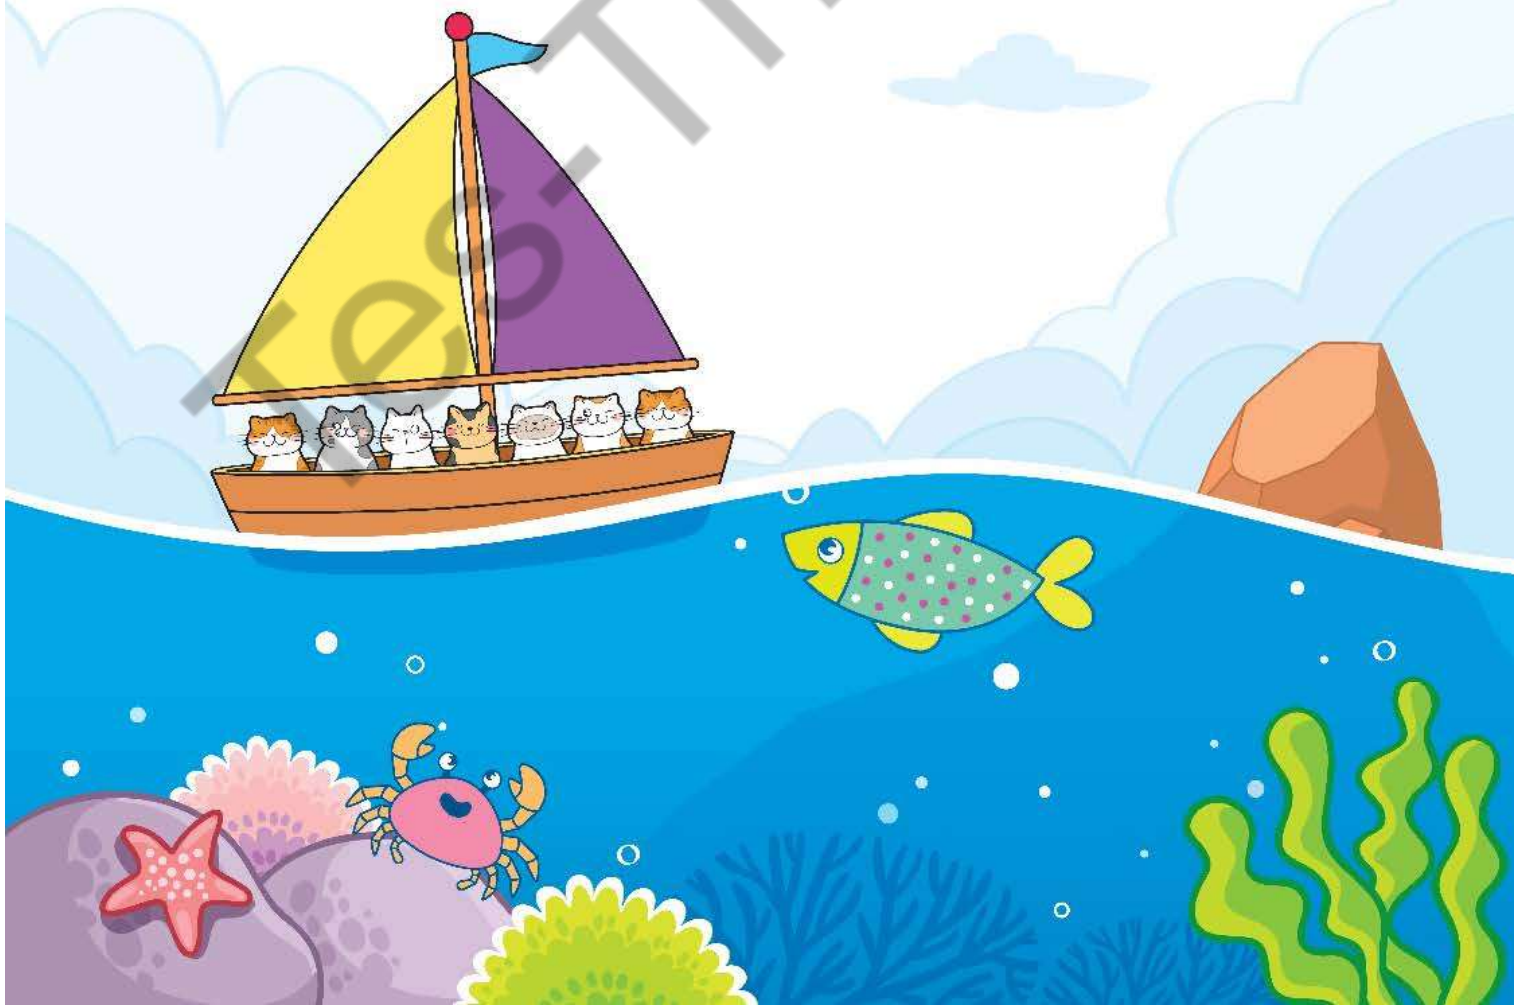

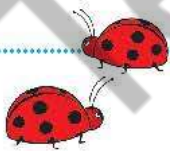

Preface

Fun with Math 3+, designed for children from 3 years old, provides a structured approach to learning basic mathematical concepts. A variety of engaging activities encourage reasoning and judgment while helping to develop logical thinking skills naturally and effectively.

Fun with Math 3+ covers topics such as simple numbers, addition and subtraction, grouping, sequences, shapes, sizes, and spatial awareness.

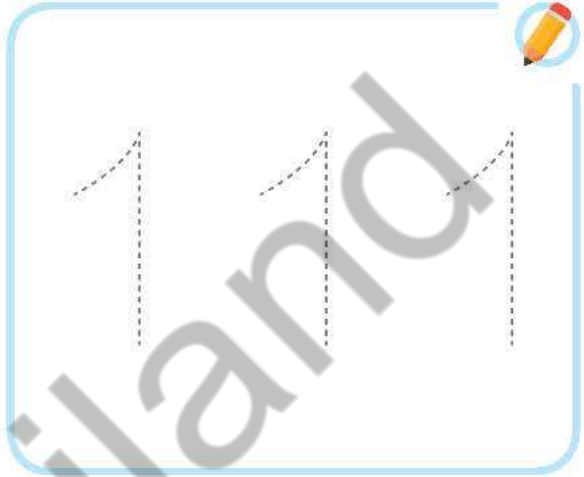

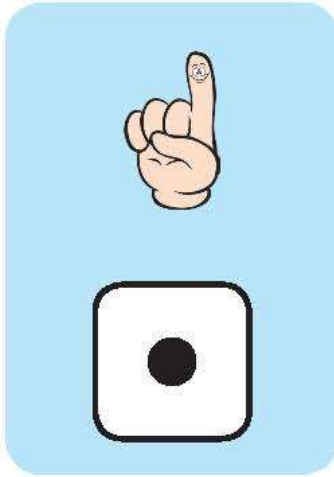

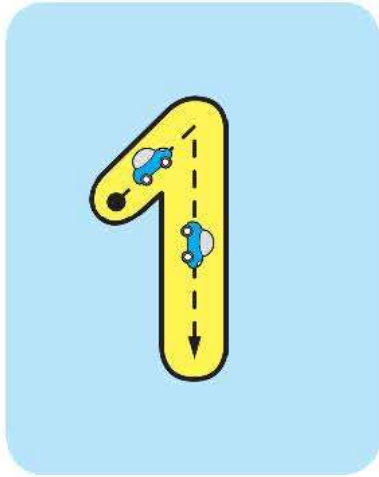

Contents

	4	18	Dividing into Groups
Number 1	4	19	Pairs
Number 2	5	20	Finding Similar Objects
Number 3	6	21	Finding the Odd-One-Out
Number 4	7	22	Sequences
Number 5	8	23	Big, Small, & Equal
Number 6	9	24	Heavy & Light
Number 7	10	25	Long & Short, Wide & Narrow
Number 8	11	26	Tall & Short
Number 9	12	27	Circles & Squares
Number 10	13	28	Triangles
Quantities	14	29	Rectangles
Comparing Quantities	15	30	Jigsaw Puzzles
Adding & Subtracting within 5	16	31	In Front & Behind
Combining Groups	17	32	On & Under

Number 1

• Trace number 1.

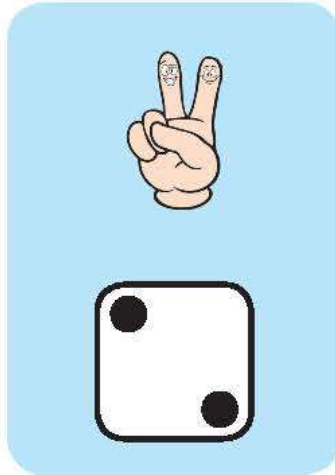

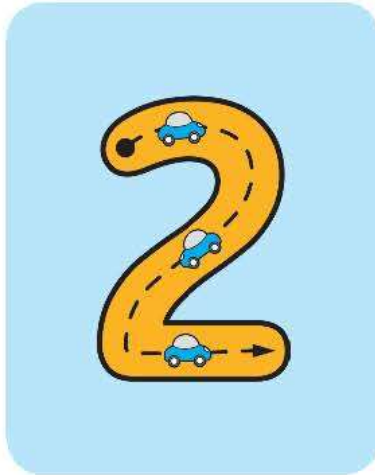

• Count and match.

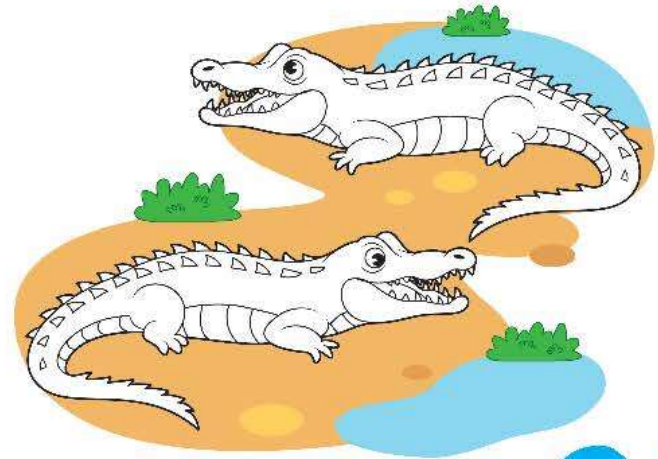

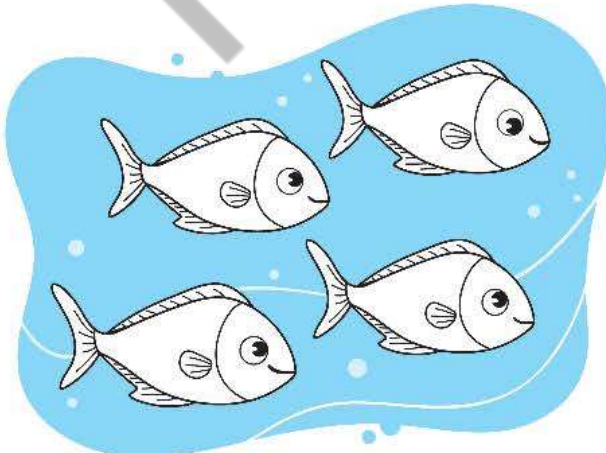

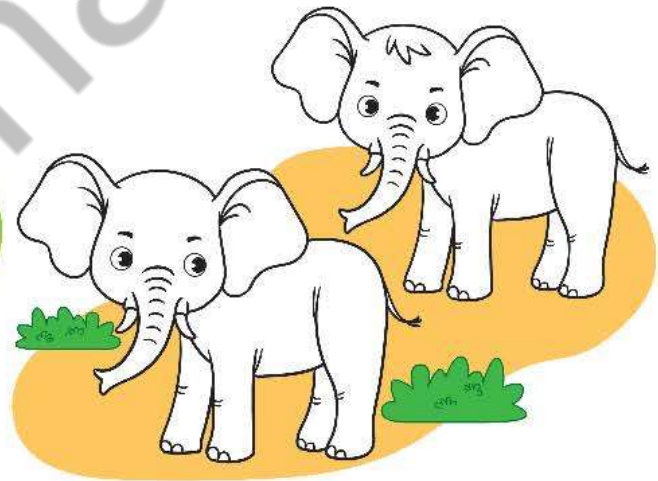

Number 2

• Trace number 2.

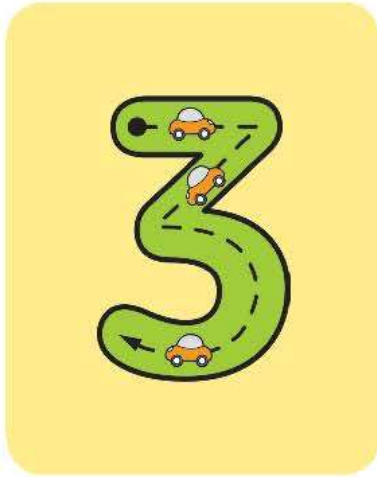

• Count and color 2 animals in each picture.

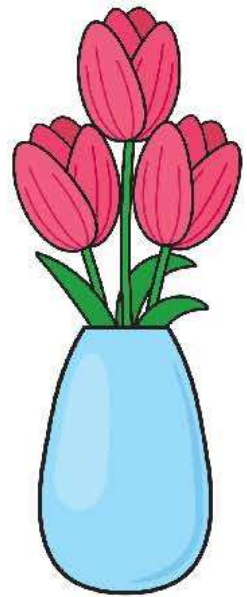

Number 3

• Trace number 3.

• Count and match.

1

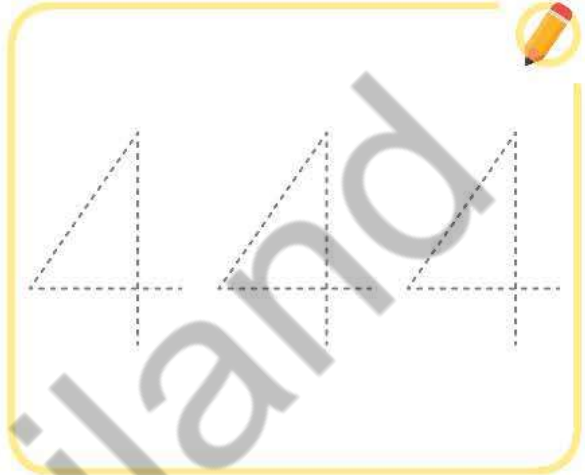

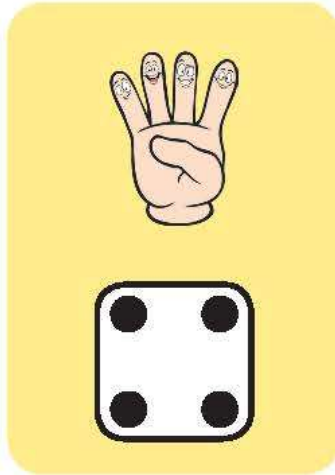

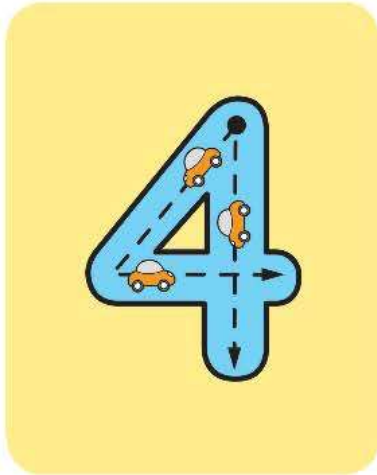

2

3

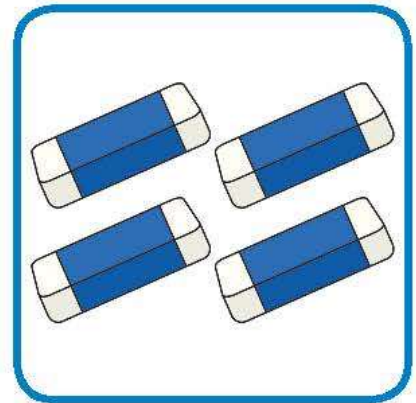

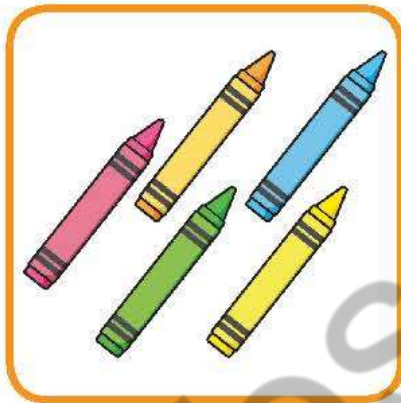

Number 4

• Trace number 4.

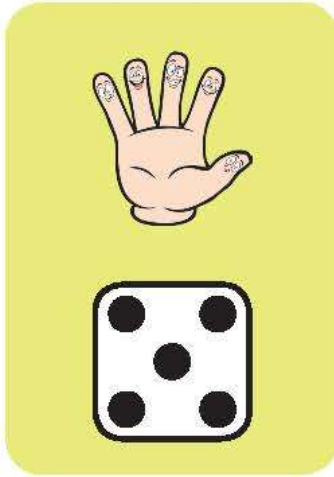

• Count and match.

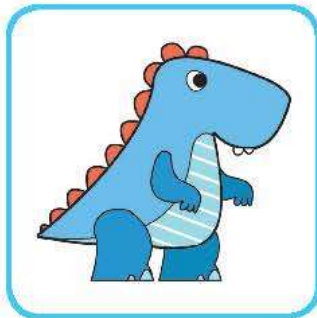

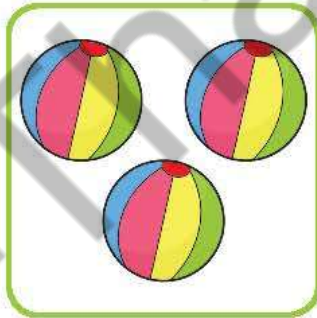

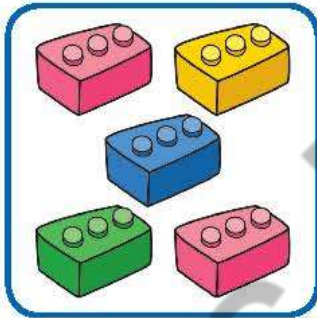

Number 5

• Trace number 5.

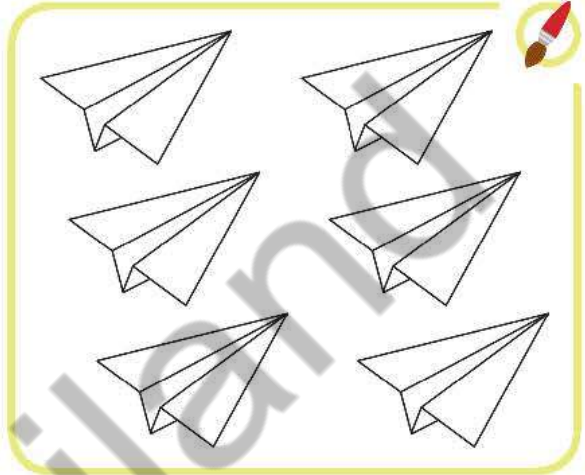

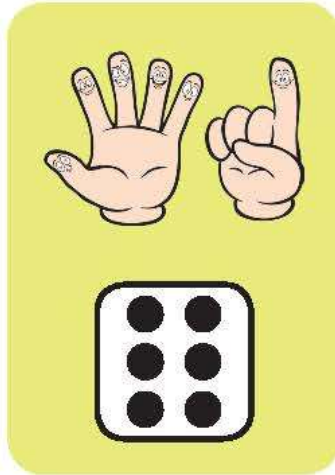

• Count and match.

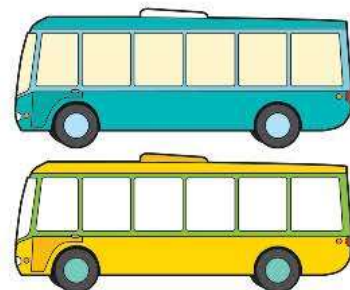

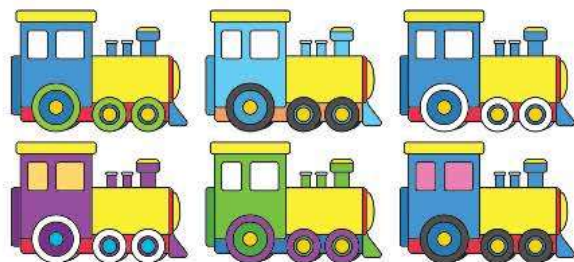

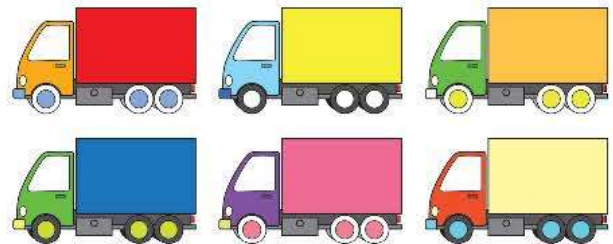

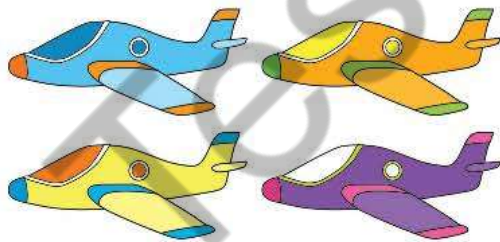

Number 6

• Color 6 paper airplanes.

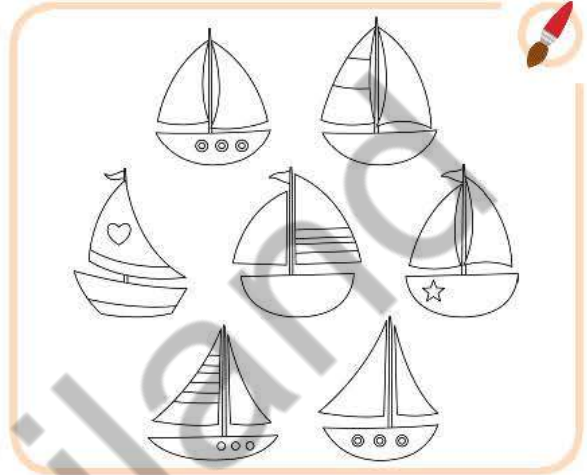

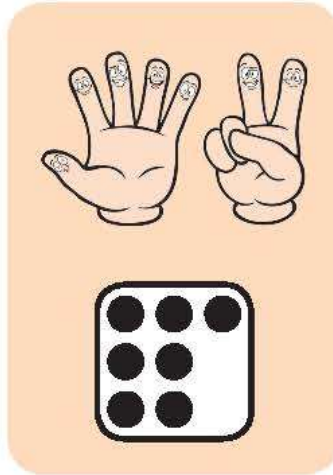

• Count and circle the groups of 6 toys.

Number 7

• Color 7 boats.

• Count and color the boats with 7 animals.
