## Preface

**Fun with Math 4+**, designed for children from 4 years old, provides a structured approach to learning basic mathematical concepts. A variety of engaging activities encourage reasoning and judgment while helping to develop logical thinking skills naturally and effectively.

**Fun with Math 4+** covers topics such as simple numbers, addition and subtraction, grouping, sequences, shapes, sizes, and spatial awareness.

• Count the vehicles and write the numbers in the

# Numbers 6-10

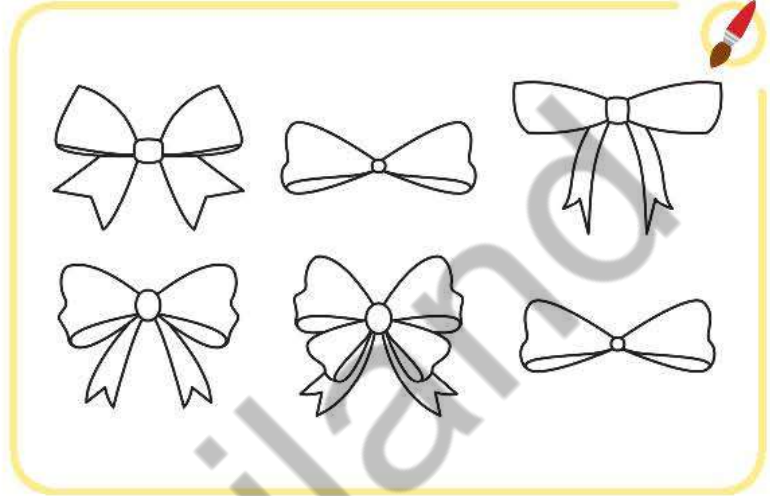

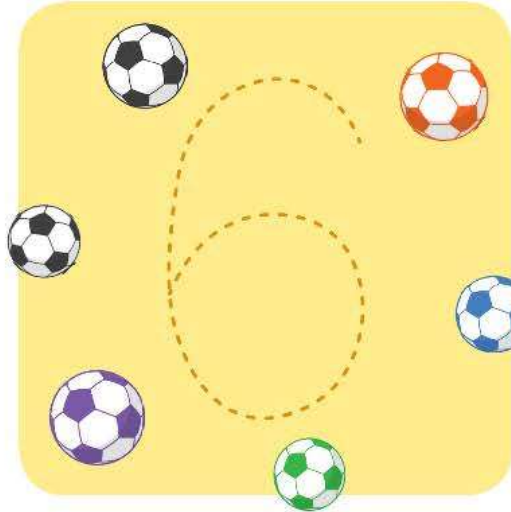

- Trace the numbers.
- Match the numbers with the pictures.

# Number 6

• Trace number 6. Color 6 bow ties.

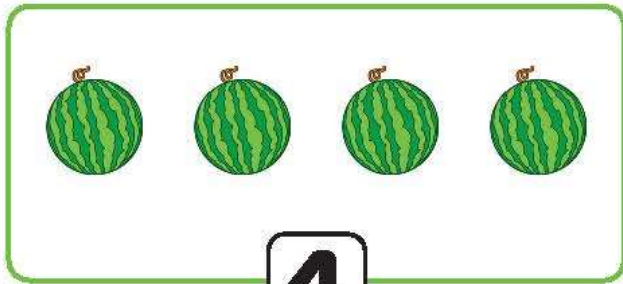

• Circle the groups of 6 children.

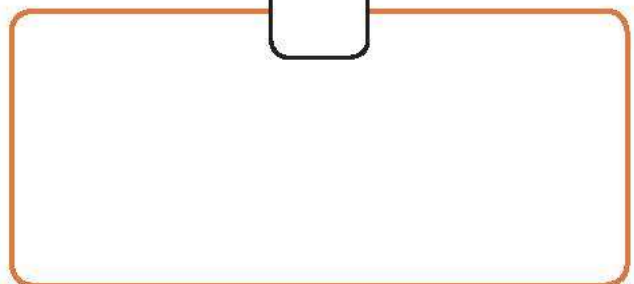

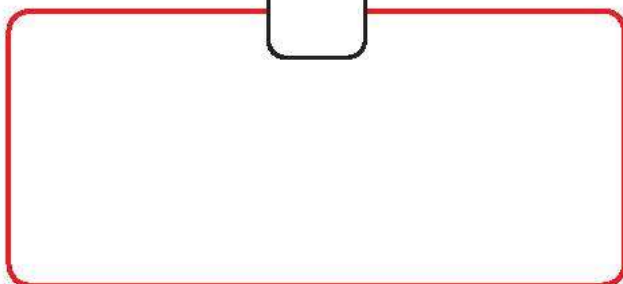

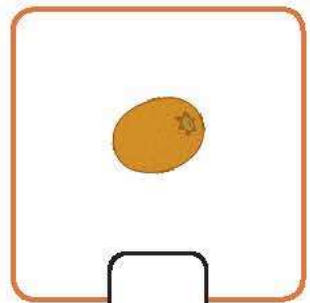

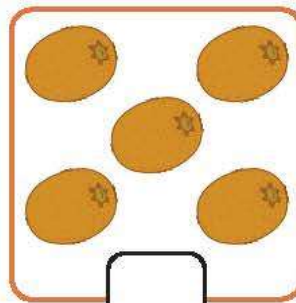

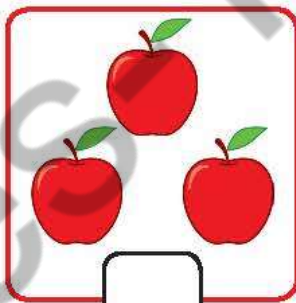

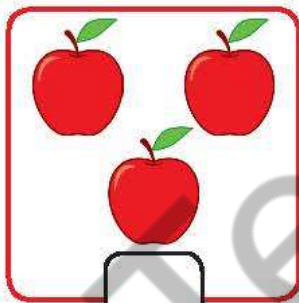

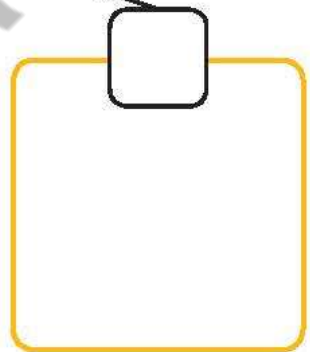

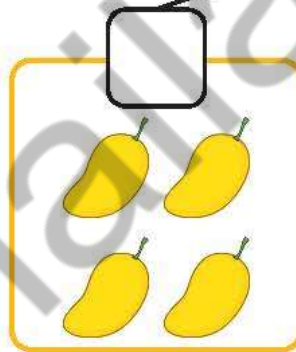

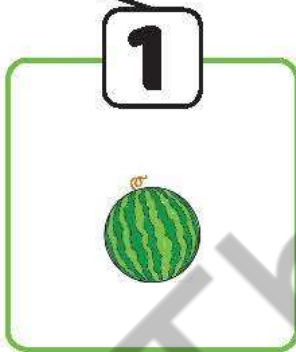

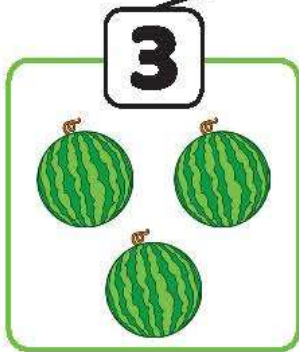

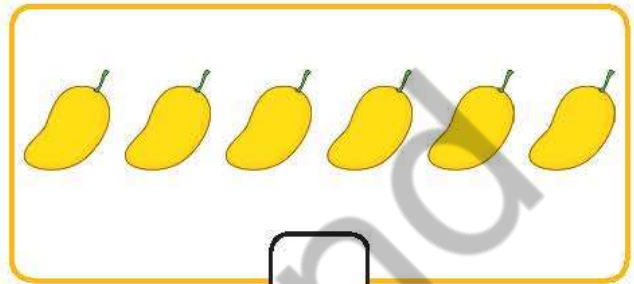

# Number Bonds within 6

• Count, draw the fruits and write the numbers.

4

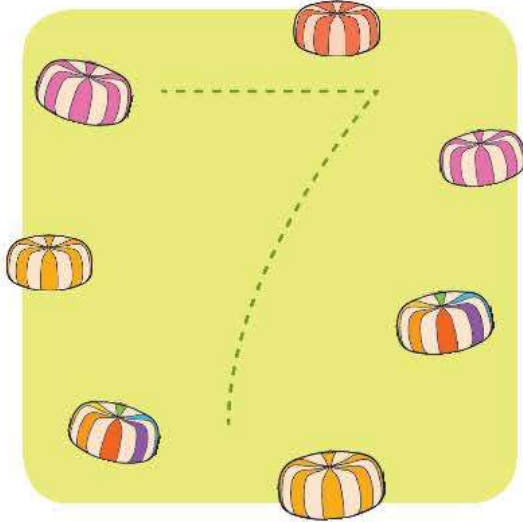

# Number 7

- Trace number 7. Circle a group of 7 cakes.

- Draw 7 candies on each cupcake.

# Adding & Subtracting within 7

- Draw or cross out flowers to match the numbers.
